£18million to UK's parks

15/10/2009

Six of the UK’s much-loved parks are celebrating a huge boost of over £18million from the Heritage Lottery Fund (HLF) and Big Lottery Fund (BIG).

This cash injection from the joint Parks for People programme brings the total invested in public parks and the environment by the two Lottery good cause distributors to well over £1billion* - an amazing feat in the National Lottery’s 15th year.
