

Repairing a wall at Glen Muir Weir Falkirk : a new lease of life to a 200-year-old disused canal lock and helped to address youth unemployment in Falkirk and Edinburgh by involved young people in practical projects, helping to improve their job prospects.

The Heritage Lottery Fund (HLF) has committed £678million across Scotland to more than 3,500 heritage projects which have supported and contributed to communities, regeneration, tourism and the economy and which have helped to look after and open up our heritage for everyone to enjoy.

Could you help shape the future of Scotland’s heritage?

We are looking to appoint three Committee Members.

The Committee meets four times a year and takes decisions on applications between £100,000 and £2 million. They also provide a crucial local perspective on requests for larger grants and targeted initiative decisions which come before the UK Board. Members will have opportunities to meet inspiring people involved in projects and will also represent HLF at openings and events, acting as a champion for the value of heritage to modern life.

We welcome interest from people with a range of backgrounds and experiences who can demonstrate that they can apply their skills to, and have enthusiasm for, these roles.

The closing date for applications has now passed.
