

Landscapes

Romney Marsh Landscape Partnership.

Find inspiration on ways you can use our funding to help look after the UK's beautiful landscapes.

Using money raised by National Lottery players, we distribute [grants up to £10million](#) to support heritage projects across the UK.

We want the projects we fund to show how they will address the key challenges faced by the UK's landscapes and nature.

What we expect from projects

Landscape projects must deliver **one or more** of the following requirements:

- conservation at a landscape scale
- increasing people's understanding of the cultural value of landscapes and seascapes
- bigger, better, well-connected and more resilient habitats for nature
- reconnecting people with nature

Landscape Connections

In July 2024, we announced £150million of long-term funding for the UK's magnificent countryside in a new decade-long initiative, Landscape Connections. This groundbreaking initiative will fund projects that boost nature recovery, support our rural economies and connect more people to the UK's most treasured landscapes.

Landscape Partnership Scheme

Between 2004 and 2017 we supported over 120 Landscape Partnerships.

These landscape-scale projects focused on the cultural and natural heritage of geographic areas generally between 20 and 200 square kilometres.

These included:

- [the Belfast Hills Landscape Partnership](#)
- [Gwent Living Levels Partnership](#)
- [the Carbon Landscape in Manchester](#)
- [Inner Forth Landscape Partnership](#)
- [Fifth Continent Romney Marsh Landscape Partnership](#)
