Overview

Comparable benchmark data is also shown, based on UK working population levels.

We continue to recognise that some areas of our workforce are not as diverse in comparison with UK-wide levels, and we acknowledge there are under-served staff groups.

We also continue to recognise wider heritage sector trends and barriers to entry, unconscious or conscious, that all have impacts on the shape of our workforce.

We continue with values-based recruitment processes and to focus on working towards our six core goals:

- to improve diversity in recruitment
- to improve the management of workforce diversity
- to improve career development for under-served staff
- to improve inclusion through enhanced staff support
- to improve diversity through apprenticeships and work placements
- to improve workforce diversity governance

Explore our [Equality, Diversity and Inclusion \(EDI\) Review report](#) to learn more about how we're working towards this.

The Heritage Fund complies with the Equality Act 2010 and our statutory duties under Section 75 of the Northern Ireland Act 1998. We continue to hold the Disability Confident award for recruitment.
